Zari-Kiri Outpost, Lakeshore

Inn 1 - We met with Chalc'ic Xitli
Notes: very active seemed Draconic in nature had lots of sorceries
Mission 1: Establish a perimeter around the Arc

- Snakes
- Crabs with Crystalline
- Gremlins

Inn 2 - We met with Silluvium Zaria
Notes: covered in full purple robes and used a sorcery of silence to make people stop talking and asked for a lot of people's opinions but didn't ask me. They also explained how we could solve the shards
Mission 2 - Escort people with mana rash

- I wasn't there I don't know what happened

Inn 3: We met with Eliim valen
Notes: they had to leave early since some people had white mana rash which sounds particularly nasty.
Mission 3: Fight Gremlins

- 3 Battles of Gremlins on the second wave we encountered some gremlin mounds which we promptly destroyed.

Inn 4 - We met with Chalc'ic Xitli
Notes: Same as before but explained how what each mana connects to each shard
Mission 4: Blue Rainforest Shard

- Wasn't there I don't know what happened

Inn 5 - We met with Silluvium Zaria
Notes: Same as before and still didn't ask for my opinion
Mission 5: Green River Shard

- We ran into some elemental monkeys on the way
- We saw a bunch of small slimes that tried to eat us
- We arrived and there were crabs, a elemental, and some giant toads
- I was killed and eaten by a toad. Man that sucked

That concludes my notes of the days events.

Month 2

Inn 1 - We met with Chalc'ic Xitli
Notes: wanted our help
Mission 1:

- I wasn't there I don't know what happened but I heard something exploded

Inn 2 - I don't remember
Mission 2: went to a mixed up shard

- We resolved it

Lunch
Inn 3: I don't remember
Mission 4:

- We went to another tap it went ok

Inn 4: Chalc'ic Xitli
Notes: time to clean up leyline
Mission 5:

- People went to reactor arc
- I did not go since I would probably die

General Notes:

- I didn't die today so that didn't suck
- Learned how to make crystalline enamel
- Elementals seem disinterested in helping me
- People keep on talking to me but they don't seem to provide major value
- People offer to help but there promises seem shallow

Every day in the lab feels longer than the last. I can't do this forever I should probably deal with my mana rash or find a way to make me less reactive.
