Month 8

Inn 1 - We met with Chalc'ic Xitli
Notes:
Mission 1: mega slime

- I wasn't there but they killed a mega slime that acted like a hydra

Mission 2: Rescue people from scape slipping

- DreamScape - there where many strange dreams and one of them tried to pull me in but we managed to escape
- SpiritScape - the person in this scape was being pulled into the afterlife
- MindScape - fuck this place
- There where 2 more that we didn't go into likely mana and divine

Lunch
Inn 3 - We met with Valen
Mission 3: Edspeld Ruins

- We killed the golems but then they activated each other and killed us but our forgetful friend gave them orders to help us.
- Once we got into the ruins we found a structure that seemed like a leytap but I believe that it is a mana filter, letting you change the color of man into different colors using crystalline prisms.

Mission 4: Close the ley tap

- Wasn't there but we did it so that's good
